Founded in 2004, Point 2 Point Global Security, Inc. is a U.S. based security company protecting major corporations, high profile executives and government entities from physical and reputational risk. The deep experience of our leaders and national network of security personnel prepare us to anticipate and manage the full range of risks to our clients' people, assets and brands. Our agile business model, supported by an extensive database of certified security forces and the proprietary technology to deploy and manage them, enables us to deliver strategic operations in North America within hours.

We pride ourselves on our carefully screened and impeccably trained armed and unarmed security personnel as well as our team of off-duty and retired police officers, government agency and military professionals. Our variety of experts, managed centrally, deliver comprehensive and specific client-centered programs nationwide – 24/7.

Our commitment is the safety and security of our clients and employees. Our mission is to deliver unmatched service, on every assignment!
